JOINT TRANSNATIONAL STUDIES

What is INTALL?
INTALL is a partnership of eight European universities and two major European practice institutions in the field of adult education and lifelong learning. INTALL is run under the ERASMUS+ programme. It builds up a bridge between academic learning and practice in adult and continuing education.

How can you participate?
Master’s students, doctoral students and practitioners in adult education and lifelong learning are invited to join a two-week Adult Education Academy in Würzburg. In the first week, students and practitioners learn about international and European policies in adult education and lifelong learning, deepening their knowledge about international theories or theoretical thinkers in adult education. In the second week, students and practitioners work on their science-related employability skills and conduct their own international comparative study.

INTALL Winter School Dates:
4–15 February 2019
3–14 February 2020
1–12 February 2021

This project is funded with support from the European Commission (project number: 2018-1-DE01-KA203-004272).
WHAT DOES INTALL DEVELOP?

1. A joint learning programme for students and practitioners, including an Adult Education Academy
2. A joint learning community for university and practice teachers in adult and continuing education to collect international teaching and learning settings
3. A portfolio method to strengthen employability in adult education and lifelong learning
4. A digital learning offer for self-directed online learning

Adult Education Academies

Registration for the INTALL Adult Education Academy opens at the end of October each year. This is followed by on-campus preparation (provided by the partner universities) and online preparation. Each university student submits a transnational essay by mid-January. Practitioners are asked to prepare a good practice case. All participants meet in February for a two-week intensive programme at the Würzburg Adult Education Academy.

TARGET GROUP

Master’s and Doctoral Students in Adult and Continuing Education

Master’s and doctoral students studying a subject related to adult education and/or lifelong learning.

Practitioners in Adult and Continuing Education

Practitioners who have worked in adult education, continuing education or lifelong learning for a minimum of one year. INTALL focuses on individuals doing educational work on the micro level (teaching, guiding), meso level (management of adult education including tasks such as needs analysis, educational programme development, teacher preparation, etc.) and/or macro level (advocacy of adult and continuing education on governmental level).

Researchers in Adult and Continuing Education

University staff with research focus on adult education and/or lifelong learning can also participate in the Adult Education Academy.

FROM RESEARCH TO PUBLICATION

INTALL offers doctoral students the exclusive chance to pursue their comparative work commenced during the Adult Education Academy in an academic publication. Practitioners can publish a good practice example. By the end of the Adult Education Academy, groups will be formed to enable continued work on the comparisons identified. Publications will be supervised by international experts on the selected topics. They will be reviewed and published in an internationally edited volume.

PROFESSIONAL NETWORK

Both before and after your transnational studies, INTALL offers you a professional network that allows you to stay in contact with your fellow students, research their profile, and find the perfect partners for your transnational work.
